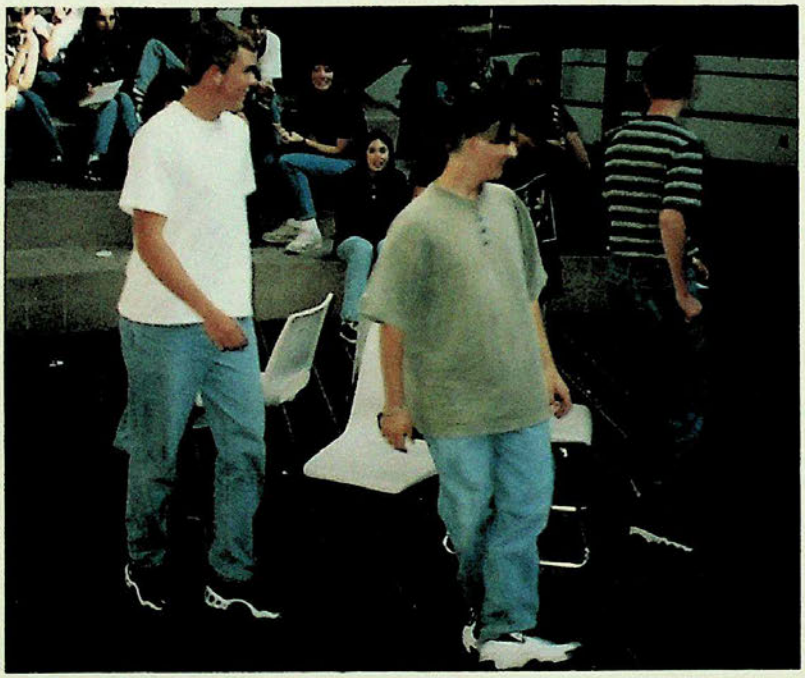
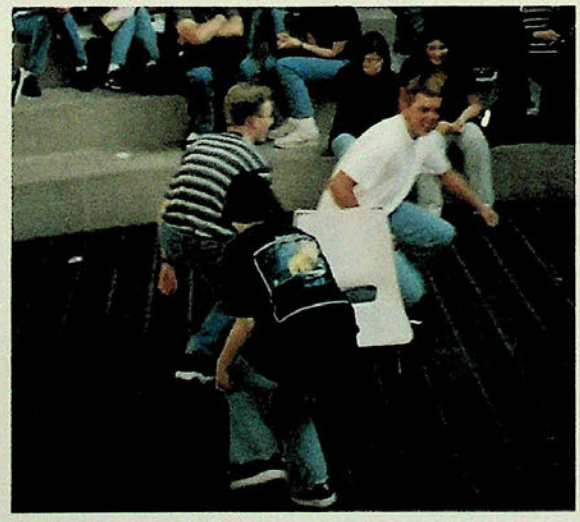
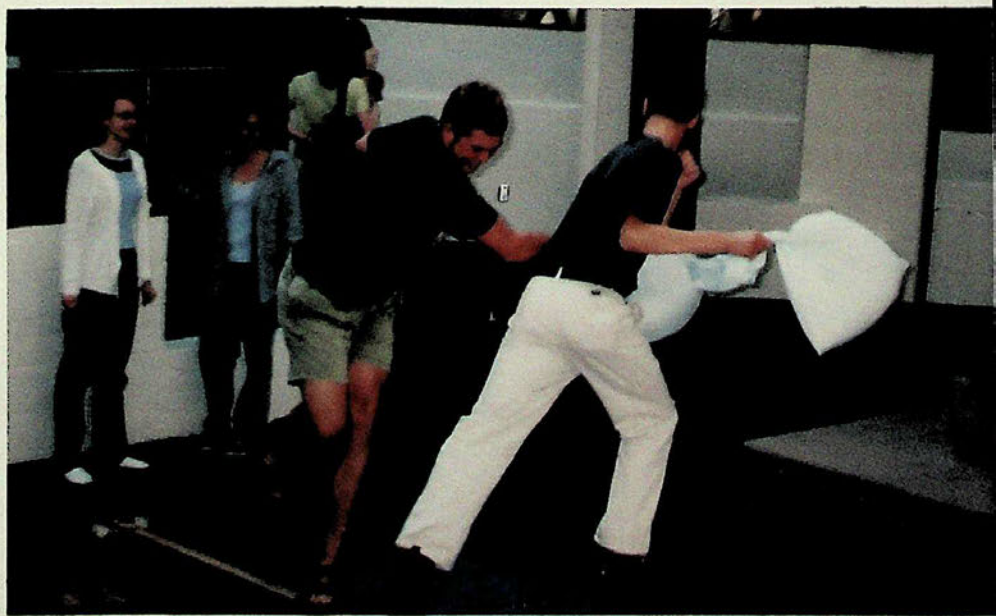
SCHOOL OF CHAMPIONS IN THE CITY OF CHAMPIONS

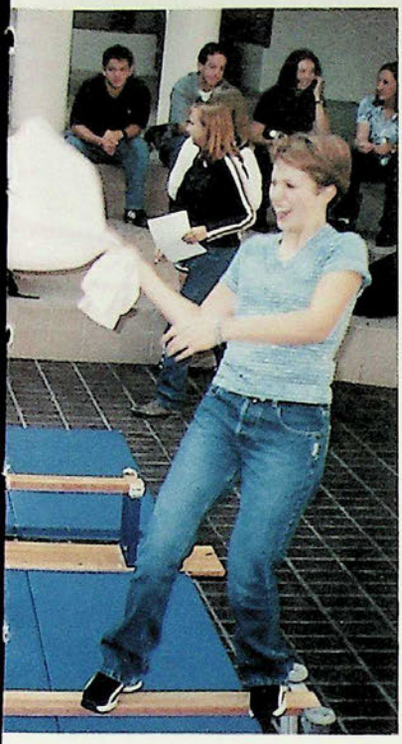
Welcome Week

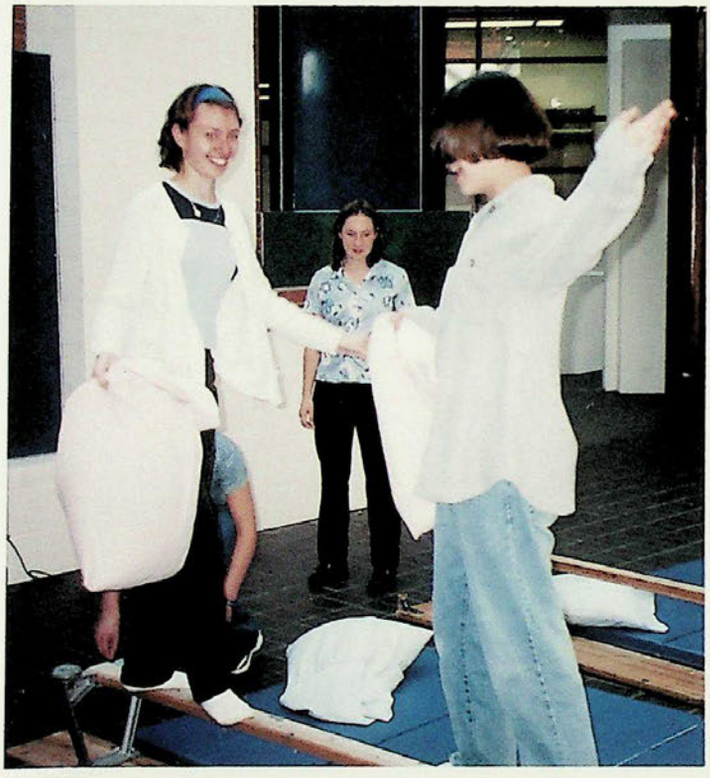
Welcome Back!!
Another school year has arrived at J. Percy Page. Welcome Week welcomed back old students and teachers as well as grade tens and newcomers to this school. This week gave everyone a chance to know what Page is all about . . . FUN! Students Unions held activities at the pit and held a barbecue for the grade tens, this was an exciting event. Students participated and enjoyed the activities held. From musical chairs to the pillow fights, welcome week was a success!

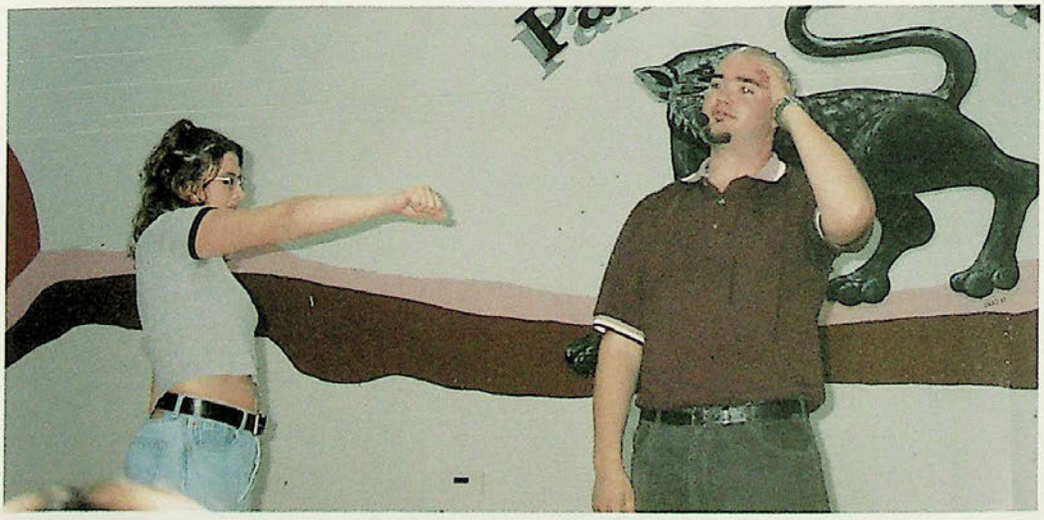












Say Cheese! Pg. 2: Kerry Allen presents this year's motivational speaker, Phil Doucette, with an award on behalf of the school.

What a Hilt! Kellie MacEwan and Kerry Allen take an opportunity to go at each other in the pillow fight during Welcome Week.

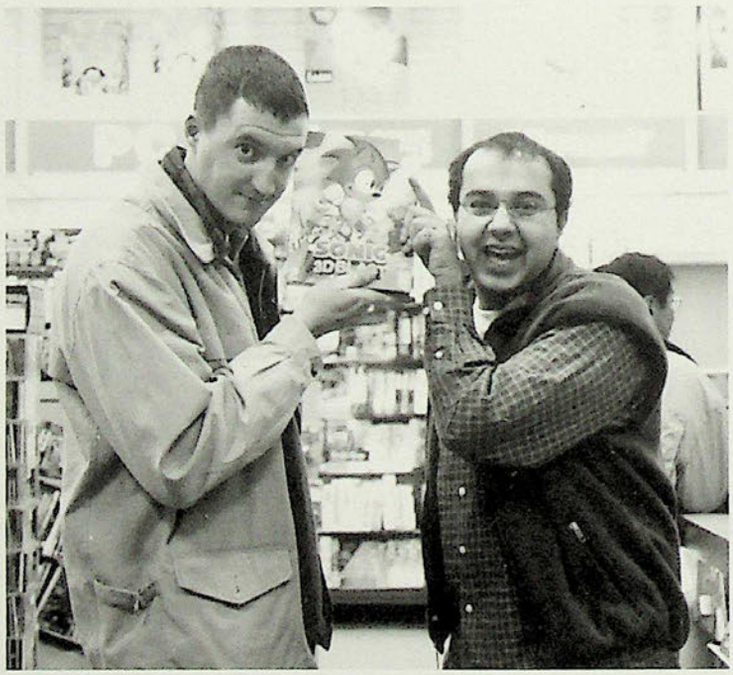
Page's Business Partnerships

SHAW



Middle left: Mrs. Andrews holds a plaque presented by Shaw Vice President Alex Park Bottom left: Ahh, Mr. Wynn, and Mr. Qureshi hold their little treasure Soncis the Hedgehog at a store in Denver.

Since August of 1997, J. Percy Page have been partners with Shaw Communications. Shaw has provided Page with the latest high speed Internet connection. Technicians have installed a T1 fibre optic line into the school's computers which allow the computers to connect into the internet with just a click of a button. This connection is called the Wave. With this, students and teachers are able to surf the net and obtain information from other websites and places around the world.

Another great thing about the Wave is that we've got three awesome teachers to help us out with the new system. Early this year, Mr. Wynn, Mr. Qureshi, and Mrs. Andrews went to Denver to learn more about the internet connection. They taught other teachers about surfing the net on one of Page's PD Days (a great advantage for us because we didn't have to go to school!).

Shaw had many other contributions to Page this year such as unrestricted internet service, e-mail accounts, sponsorship of Page's yearbook and other Page events, as well as space on the net for the J. Percy Page Website.

Altogether, this has been a successful year for Page and we'd like to thank Shaw Communications for all their contributions, help, and support.

Top right: Did you guys just have tea with the Mad Hatters? (Picture also taken in Denver)

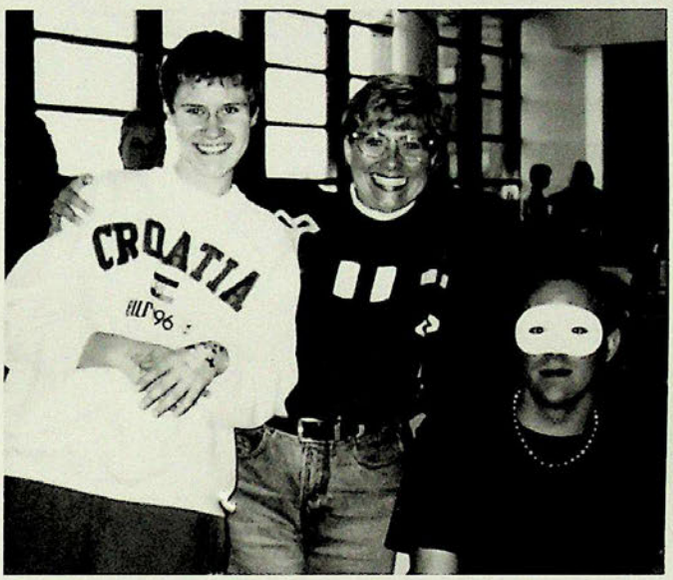
J. Percy Page Composite High School

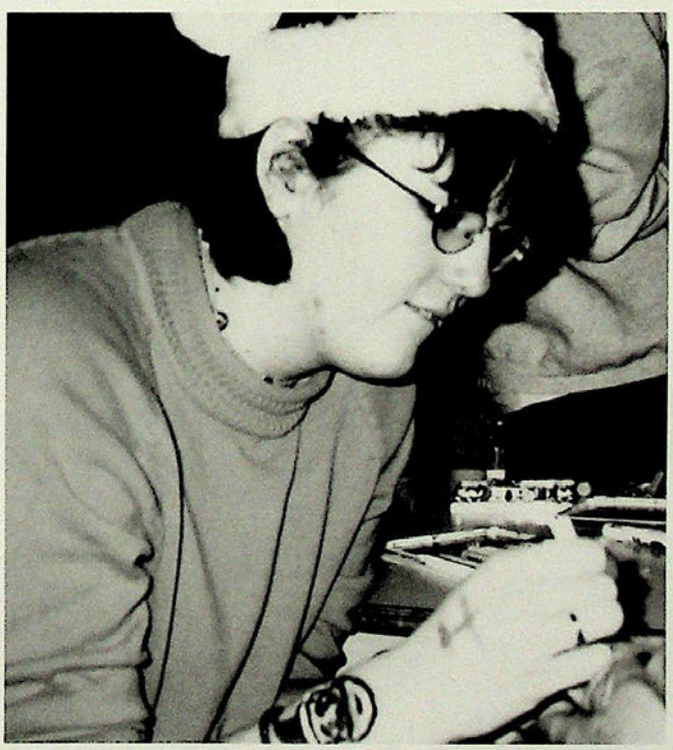
BUILDING TOGETHER

Since May, 1991, Stuart Olsen has contributed and sponsored many events at Page. An example of this would be the annual J. Percy Page - Stuart Olsen Children's Christmas party. Every year, this event becomes more and more successful. Teachers at Page, as well as the staff from Stuart Olsen bring their children to the party for some fun and games. Not only do the kids have fun but also their parents.

Other contributions from Stuart Olsen include the sponsorship of Page's Cheerleading tournaments, Page's yearbook, and other events.

Once again, on behalf of J. Percy Page, we would like to thank Stuart Olsen Construction for their many contributions and sponsorships at Page.





Top right: Marina Bunjevac, Mrs. Shewchuck, and Jimmy Macpherson are enjoying helping out at the Christmas Party. Above: Stuart Olsen staff holding a very cute baby. Bottom left: Mrs. Butlin is trying to get her son to say "Cheese!". Bottom right: Jennifer Vin-cent is hand painting the children.

Lest We Forget

J. Percy Page students solemnly entered the gymnasium for yet another memorable ceremony to acknowledge the people who laid down their lives for peace. The ceremony began with the national anthem and march of the color guards. Students watched the excellent dramatic interpretations of student written poem performed by the dance classes. Cascade, Sunwapta, and Wapiti laid down wreaths to commemorate those who died for peace. To conclude the ceremony, students, teachers, and guests stood for one minute of silence as the Last Post played in the background.

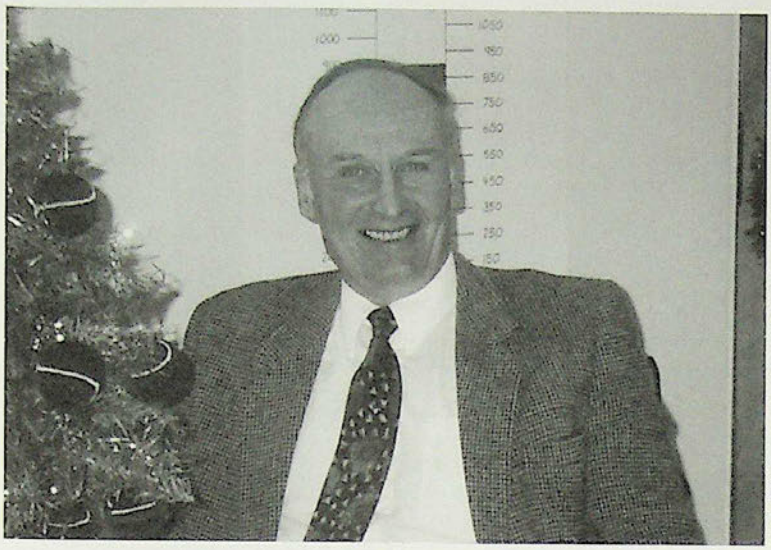
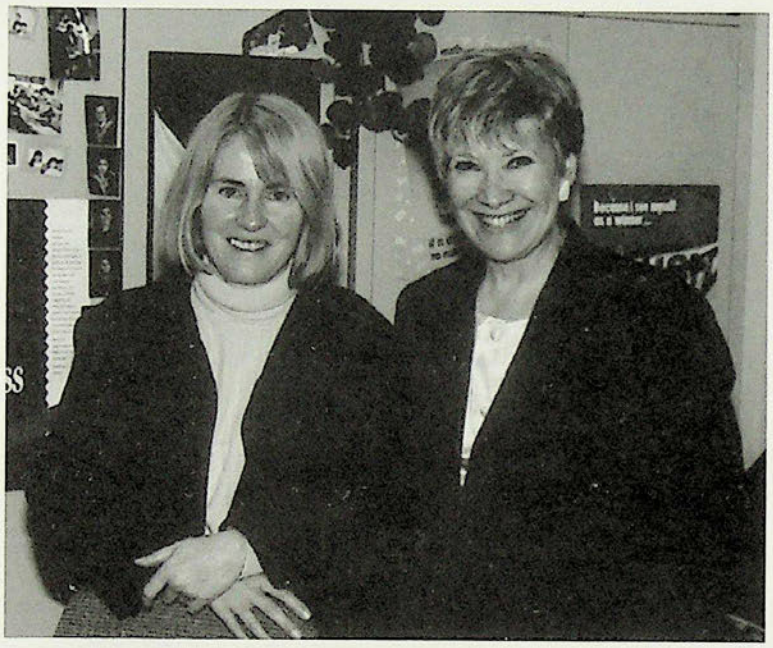
Mr. Probert's Message





Over the past year the staff at J. Percy Page have attempted to broaden your academic horizons and prepare you for the sea of life, where the proud are humbled, the shirker is exposed and the leader is revealed. To sail this sea will require all your ingenuity and the sagged advice of your mentors:

- let a positive attitude be your fuel of progress
- learn from the experience of others
- stand firmly for principles
- broaden your interests
- understand the rights of others
- be reliable in your discharge of duty

I trust the photos and captions in this yearbook will serve as a mirror of your memorable wake, as you sail forward into the Sea of Happiness.

Mrs. Kurney's Message

A famous quotation states; "The moment lasts only a second, but the memory lasts forever". The 1997-98 school year has imprinted in your mind many memories. Memories of each other and events of the past year will always be present for us to view and relive in the pages of this yearbook. To the members of the yearbook staff, "Congratulations" for producing this valuable collection of special moments.

To all of the 1998 graduates, I wish each of you the greatest happiness and success. Thank you for being a student at J. Percy Page, for making it a great school, and for making the difference.

"School of Champions in the City of Champions"

The 1997-98 school year was an exciting and rewarding year. With our 230 athletes, 35 coaches and advisors, J. Percy Page was a school to be reckoned with this year.

At the start of the year the senior men's volleyball team finished first in the league and went onto capture the silver medal at the city championships. The cheerleading squad continued their winning ways with a fourth consecutive small squad city championship. For the golf team, 1998 was a year of building with an increase of over 15 golfers on the team. Watch out next year for a few "hole in ones!"

Continuing along Page's winning ways, the basketball program had many highlights. Firstly the inception of the senior basketball tournament brought in a team all the way from Australia. Good job, mates! Our senior women's team won the city conference championship as well as taking a visit to see Mickey Mouse in Disneyland. The junior men's team captured the silver medal in the city finals. Our senior men's team won a silver medal for the second straight year. Great job, men.

J. Percy Page also fielded teams in swimming, water polo and handball. Good job this year to these coaches and athletes.

For the first time ever the senior women's soccer team won the gold at the city championships. Well done, team! The senior men's soccer team narrowly missed advancing to the city championship with a 1 - 0 loss in overtime. The men's and women's rugby team scrummed their way along this year with respectable finishes and our track team had some awesome results at provincials. Travis Davson won a triple Gold as the fastest senior man in the province while Betty, Wummi, Heather and Kim won the gold medal int the 4 X 100 relay.

Overall it was a great year for Athletics at J. Percy Page. Thank you to the Athletic board for hosting the pep rally, various tournaments and the ever-popular sports banquet. Also, a special thank you to Mr. Lotz for his outstanding contribution to Page Athletics over the years. He will truly be missed.

Watch out for us next year!
Be proud to be a part of Panther Athletics.

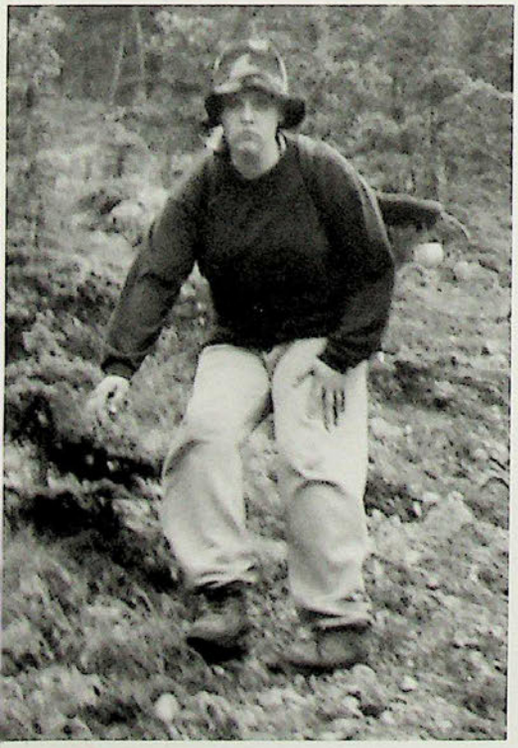
Physical Education



The physical education staff, which has really grown this year, would like to thank the Page students for all the great times and memories. The 97/98 school year was filled with many lifetime activities that we hope you enjoyed. An active lifestyle is so important to the success of your future that it was our goal to introduce you to a variety of different sports. Whether it be dance, scuba diving, camping or basketball, participate and enjoy. Life is too short to let it pass you by, get involved and make the most of each new experience. To the graduating physical education 30 students, we wish you all the best and remember, real men don't wear white skates (or do they)?

Mr. Durand's Message

1997-98 - Another year - full of rich and rewarding experiences, learning and growth - for all of us - staff as well as students.
1997-98 - Another year - to be followed by another, 1998-99, and another, 1999-2000, and another . . . Time will continue to march on, minute after minute, hour after hour, day after day, week after week, month after month, year after year! As time relentlessly moves forward, you will have many choices to make, the most important of which is: "Do I simply want to be a passenger on the journey or do I want to be the master of my own destiny? The captain of my travels in time?"
There is only one choice to make! Choose to captain your ship!!
The more deeply you engage yourself directly in determining your destination and designing the route to get there, the richer your experience, the more intense your growth and the deeper your satisfaction and reward will be. When you act with relentless vigour in your commitment to your goals, your family, your friends, and the society in which you participate, your life will be one of great fulfillment and growth.
At the end of the journey, you will have made time your friend and ally in reaching your destination, and with great pride you will be able to say: "I have willed and my will has made the journey happen and my will has brought me to my destination!!

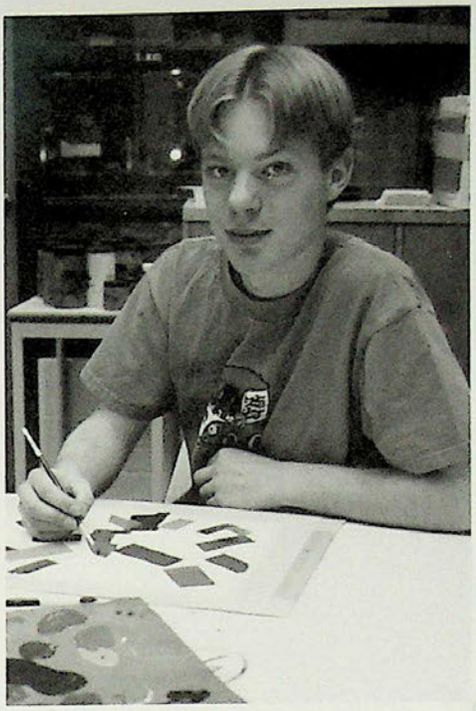
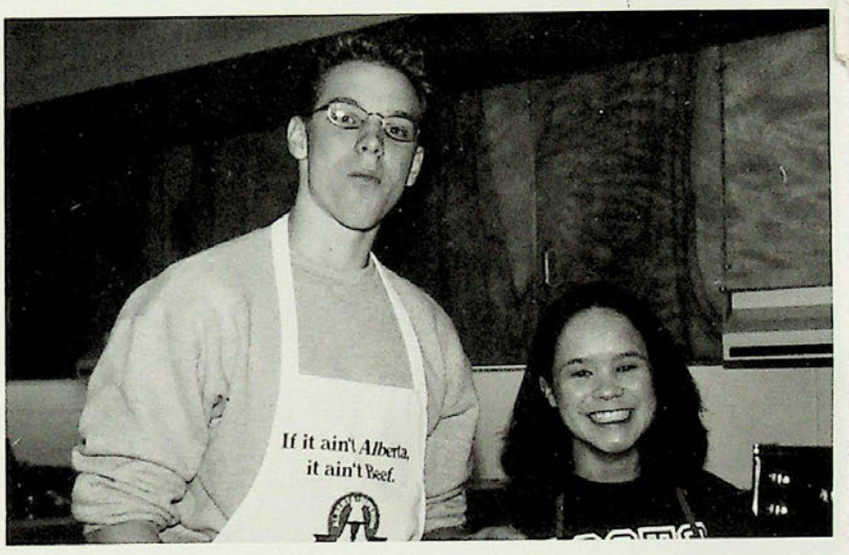
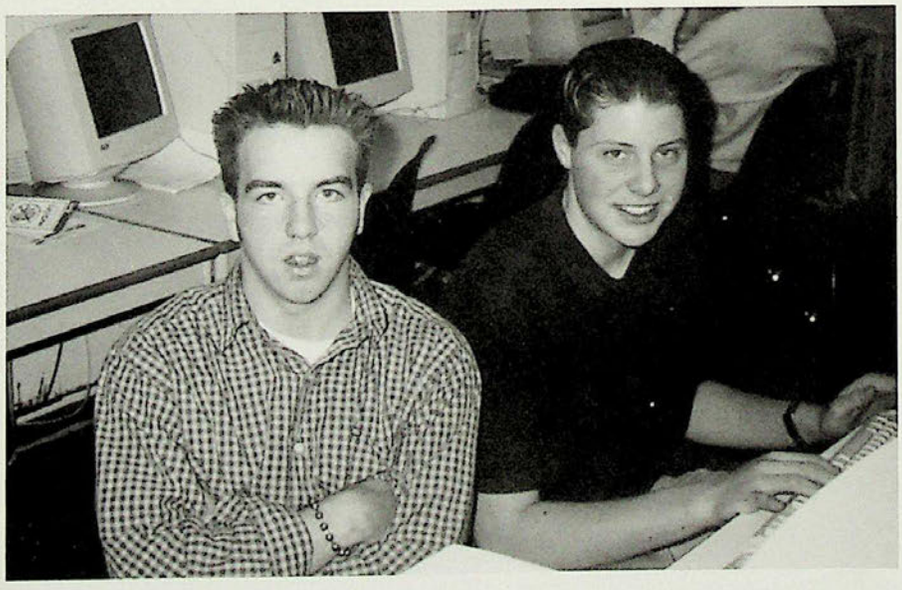
CTS and Fine Arts

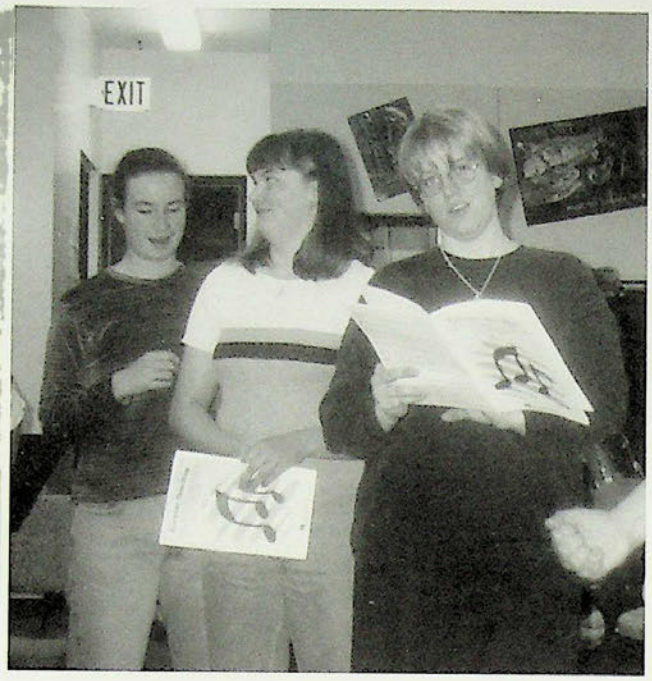
Wow! CTS! CTS stands for Career and Technology Studies, which includes a whole variety of options at J. Percy Page. And here they are! . . . . Cosmetology encompasses everything from manicures and pedicures to the art of cutting, coloring, and perming hair. Our program is one of the few in the city where students can complete the first half of the Alberta Cosmetology License Apprenticeship program in house and work on the second half through the Work Experience program. This year our students were involved in many community events: complimentary hair stylings, manicures, and make-up were provided for the residents of the Good Sheppard Seniors' Home, a kindergarten class that visited the school, and the guests at the J. Percy Page Children's Christmas party. In the spring, the students competed in the Skills Canada competition and attended the Alberta Beauticians Association Hair Show! . . . Our grade 10 Foods program at Page contains a wonderful variety of curricular choices, while teaching many excellent basic skills. This year the senior students completed such major tasks as catering a dinner theatre and supplying a variety of food samples from around the world. Recipes were researched on the internet, tested, prepared and served at the annual Taste of Page extravaganza . . . . Perhaps the biggest splash this year, though, was in our computer department. Thanks to Shaw Communications, this year all the computers in Page dove into high-speed internet access via a cable-modem link called the WAVE, the first of its kind in the Edmonton Public School system. As a result, students at J. Percy Page have leapt to the forefront in computer technology . . . . Other noteworthy successes this year included our Legal Studies students who researched, rehearsed, and performed a Mock Trial at the University of Alberta, as well as our enterprising Enterprise and Innovation students, who constructed a sub-site for the Adventure Club on the Page website . . . . Our Drafting students designed their own dream homes and built scale models of each project . . . . The Graphic Arts program at Page proved once again to be one of the most comprehensive and innovative in the city. Students engaged in projects involving a variety of media including design and color, painting technique, photography, drawing and perspective, digital design, and screen printing . . . . In Construction Technology, our students designed and crafted many projects including a TV/VCR entertainment center, speaker boxes, and a fold-down picnic table. Students also constructed a shed that was purchased by one of the secretaries at the school . . . . Students of Mechanics at Page applied their theoretical learning in the repairing and maintaining of vehicles working on their own cars and the cars of their parents, teachers, and others in the community. However, if you want your vehicle serviced, you'll have to make an appointment early as they always seem to be very booked up! . . . . Overall, over one hundre students found out-of-school job placements in our Work Experience program here at Page . . . . As you can see all of our students in all the various CTS strands have done and continue to do a fantastic job! We are proud of the achievements of our students and we believe the high quality of work accomplished is due in no small part to the skilled teachers we have here at J. Percy Page!

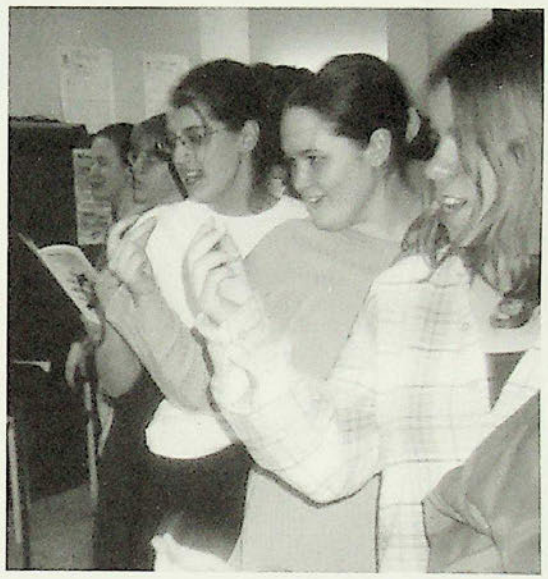






Choir



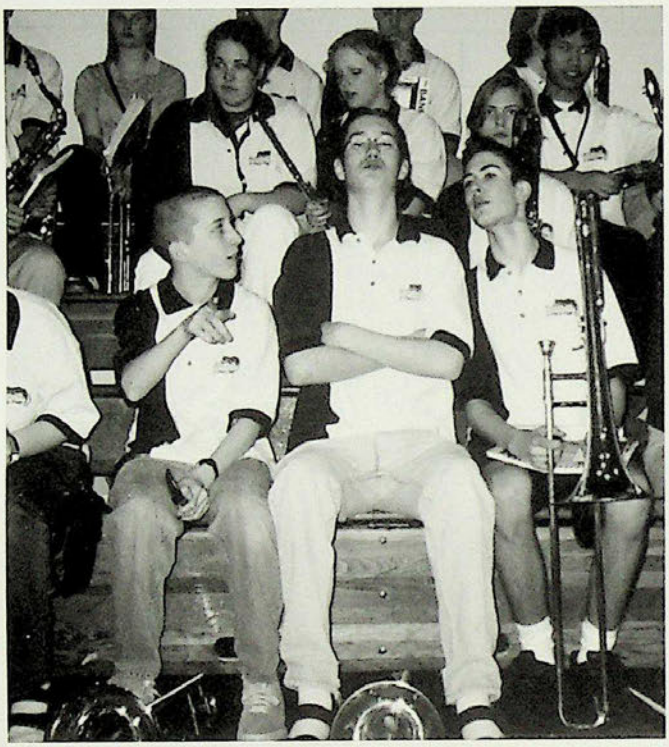


Band

The Music Department was involved in many activities over the course of the year. Our first big "gig" was our Fall Music Concert at the end of October, which introduced our Concert Band and Jazz Band to an appreciative audience. This was preceded by a fall band retreat at Camp Health Hope and Happiness. Some other very special projects were undertaken by smaller groups of students. In October, five band students (Scott Curran, Tianna Fraser, Catherine Guzak, Katherine Leicht, and Robin Leicht) were able to travel with the Wild Rose Wind Ensemble to Germany for a tour. Later that same month, Catherine Guzak, Katherine Leicht, and Robin Leicht represented our school in the Alberta Band Association's Provincial Honour Band in Calgary.

In November, the Concert Band and Choir were featured groups at the Remembrance Day Ceremony. Later that month, the Choir performed as part of the dinner theatre presentation of *Viva Las Vegas*. In December, our Winter Music Concert featured the Concert Band, Jazz Band, and Choir. At the Stuart Olson/Percy Page Christmas Party, the Jazz Band played festive tunes while the choir led a carol singalong. In January, the Concert Band received an invitation to a national festival, Musicfest in Vancouver. The invitation was declined because of scheduling difficulties.

In February and March, the Choir and Jazz Band added lively music to the Cheerleading



Concert Band

Tournaments and the school's pep rally. In February, the gymnasium was full of music as we hosted the Mill Woods Band Concert, with our own Concert Band joined by groups from Dan Knott and Edith Rogers Junior High Schools. The grand finale was a massed band piece involved all 183 players in attendance.

In March, choral music students and Grade Twelve Band students were involved in Edmonton Public Schools' Annual Night of Music. The Senior High Honour Choir was over 200 singers strong while the band was comprised of about 75 of the district's top instrumentalists. Also in March, the choir students participated in a spring choir retreat. The Concert Band played at the Northern Alberta Concert Band Festival at Festival Place in Sherwood Park. The Jazz Band played at Open House.

In April, the Concert Band, Jazz Band, and Choir embarked upon Tour '98 to Winnipeg, Manitoba. While in Winnipeg, the groups performed concerts, participated in workshops, and saw the sights of the area.

In May, our Spring Band Concert featured our Concert Band and performing groups from Maples Collegiate in Winnipeg. The Concert Band, Choir, and Jazz Band all participated in the Graduation Commencement at the Jubilee. The Concert Band competed in the Alberta Band Association's Festival of Bands at Red Deer.

As a culmination to the year, all of the Music Department participated in the Final Awards concert in June. Strawberry shortcake added a special touch to the event.

All in all, our year was very busy. Great Page musicians have Great Panther Pride!!

THE ENGLISH DEPARTMENT . . . MAKES A DIFFERENCE!!!!
"tomorrow and tomorrow and tomorrow and tomorrow creeps in this petty pace from day to day"

Another successful year over and again we look to our tomorrows just like Shakespeare's Macbeth did! The 1997 - 1998 school year has been a very rewarding one at J. Percy Page. We began the year on high note very encouraged by our successful results from June of 1997. Planning to build on these successes were an eager and committed staff just waiting to assign and mark all those essays!!

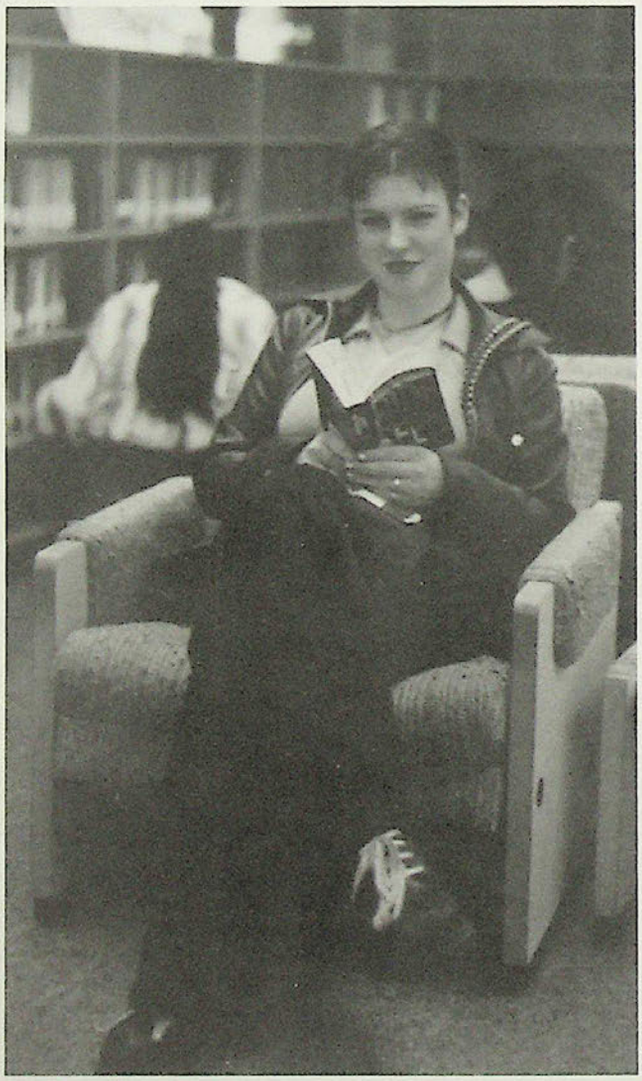
The year saw the continued development of special programs for our students: our Work Study program in Grade Ten, and our Academic Challenge program with four classes at three grade levels. Our seventh group of Academic Challenge 30 students faced the highly regarded Advanced Placement Examination in English Literature and Compostion - these students are to be commended for a commitment to an exciting and demanding program of studies.

Enrichment continued to be encouraged in all our English classes, and many of our students took advantage of opportunities to attend a variety of special productions and to listen to guest speakers who shared their ideas on topics such as creative writing and mythology.

Throughout the year, the English Department has welcomed input into our various endeavors from the students, parents, and community. The support received from all people concerned with our English programs has been very gratifying and has allowed us to continue to build upon our successes.

To our graduating students, thank you for being a part of our success!! May the thoughts of others in the literature that you have read in our classes and the ideas that you have explored so well in all those essays be a part of your eyes for tomorrow!



Social Studies

SOCIAL STUDIES IN 1997/98
Rick Long: Social Studies Department Head

The staff of the Social Studies Department would like to celebrate the successes of the students of J. Percy Page, especially the graduating students, and wish them the best in the future. We have many good memories of the year.

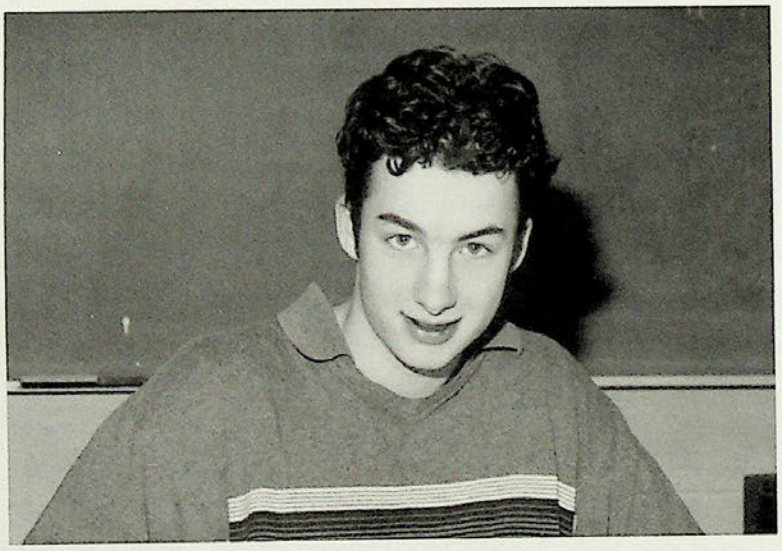
Students were offered much in addition to the prescribed curriculum of the courses. Through the year(s), many speakers were invited to speak to students on social, political, and economic issues. Several elected politicians visited the school to speak to students. You might remember an election forum or a field trip to a symposium on the Holocaust. You might remember a person who made a difference in the abolition of land mines around the world or a politician who sought your input on national unity. You might remember studying multiculturalism and visiting several local religious institutions of different faiths. Outstanding Social Studies students will remember being sponsored to attend forums and seminars focussed on the work of the provincial government and on the United Nations. Those second year and graduating students will remember several years of engaging activities on social issues.

Remember the Page students led by Brandy Williams and Jaimini Taylor who did outstanding work out of concern for impoverished nations of the underdeveloped world. In a Twenty Four Hour Famine fundraiser each year, they raised a substantial sum of money for relief of world hunger. Their concern and social action on environmental issues reflect well on themselves, the school, their teachers, and their parents.

We hope that you, the students, have been challenged and stimulated in your classes. Many of you have certainly challenged and stimulated us!

The Social Studies teachers at Page hope you will maintain a life-long interest in politics and political issues. We have watched students grow through the years, both physically and mentally. We wish graduating students the best of luck in their futures. We will remember you with pride and hope you will return to visit and tell us of your successes. We look forward to seeing the returning students in September. Have a good summer!

Mathematics



This year the Math department welcomed three new members to its teaching staff: Mr. Keehn, Mrs. Gerke who taught physical education and information processing in addition to math, and Ms. Benedict who shared her expertise in science and math. They joined the following math teachers in trying to instill an understanding and love of mathematics to students.

Mrs. Kalmacoff	Mr. Pysyk
Mr. Lerbekmo	Mr. Skitch
Ms. Marika	Mrs. Stobbe

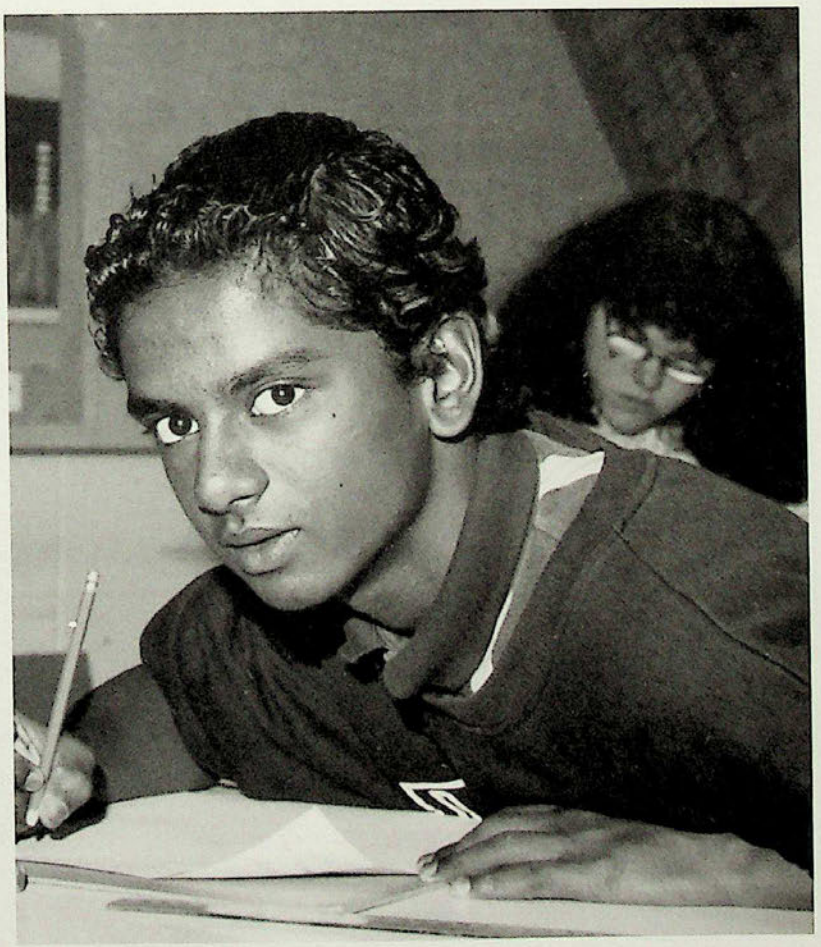
The integration of technology was a focus of math education this year at J. Percy Page. Mr. Skitch guided a class of students through the Math 30 curriculum using computer instruction. Many other classes were seen in room 4-101 investigating various mathematical concepts.

Teachers again took time to be in room 3-206 during certain lunch hours and after school hours to assist students with their math problems. Some students were assigned the time but it was great to see many students dropping in to get help with their math difficulties.

This year more students were involved in writing national math contests and they did an excellent job of representing J. Percy Page. We look forward to continued and increased involvement in the upcoming years.

The math teachers at J. Percy Page would like to congratulate all of the graduates and wish them the best in their future endeavors. We hope that we have given you an appreciation of the power and beauty of mathematics. To the grade ten and eleven students: Have a great summer! See you in the fall.

MATHEMATICS REVEALS ITS SECRETS ONLY TO THOSE WHO APPROACH IT WITH PURE LOVE, FOR ITS OWN BEAUTY - ARCHIMEDES



Science

As the year began, we again welcomed new members to the Science department. Mr. V. Fung joined us to teach Physics 20/30 as well as Science 10 and 14. Also, Mrs. K. Huculak taught Biology 30 and Chemistry 20 for Mr. Buxton, while he replaced Mrs. Mather in the Wapiti house office in semester 1. After teaching at Page part time during the previous year, Mr. R. Wynn returned to teach Physics 20, Science 24 and Computer Applications. Mr. O. Mohsen, after having taught Social Studies and CALM in semester 1, taught Biology 20 in semester 2.

All the members of the Science department continued their excellent work in the classroom, and in helping students outside of class time. In addition, science teachers were involved in many extracurricular activities. Mr. Lotz again coached the senior men's basketball team and Mr. Mohsen coached the junior women's team. Mr. Gaumont continued as the sponsor of Club Breakaway, and Mr. Qureshi and Mr. Wynn were the "computer gurus" of the school. Mr. Fung was responsible for some of his students entering the Edmonton Regional Science Fair.

Mrs. Andrews continued her fine work on our partnerships with Shaw and Stuart Olsen, but had to take a maternity leave in semester 2. Fortunately, we were able to keep Mrs. Huculak to replace Mrs. Andrews for the rest of the year. During the past year, there have also been new babies in the families of Mr. Lotz, Mr. Maradyn and Mr. Wynn. This over abundance of fertility make some of the Science staff nervous. Does it have something to do with the coffee in the Science office?

The best part of the year, as always, was working with Page students. We hope you had a great year and wish you every success in the future.

Mrs. Mather's Message

This year has been a special opportunity for me to question and learn. I have been forced to stretch "beyond my shadow" and reaffirm my belief and values. The students, parents and staff o f J. Percy Page have helped me to appreciate the synergy that comes from our connections. Synergy is a cooperation and support that is more than the sum of its parts and is important in the process of bringing out the best in each other. It is these connections that will sustain us into the next century.

The completion of high school involves planning for the rest of your life. As you strive to achieve success, remember that there will be mistakes and times when you will feel overburdened. This part of life: taking risks, picking ourselves up when we falter and experiencing growth. I encourage you to choose your connections with care so that they can assist you in your journey. Keep your desire to learn, make connections that will help build a world of peace and a place for everyone to grow.

I wish you every success in your future.

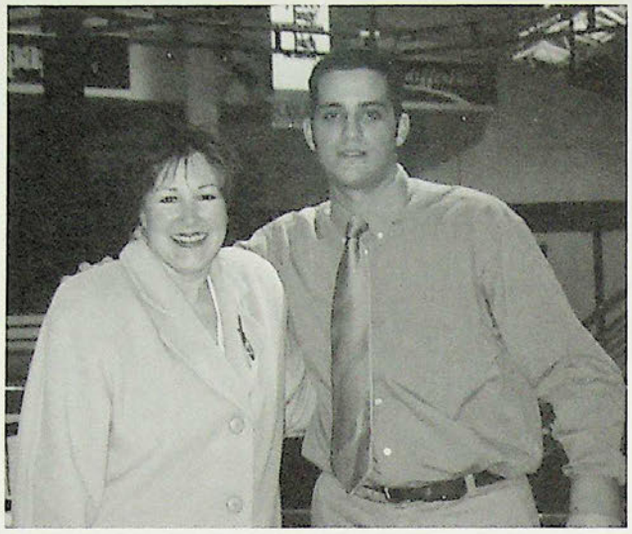
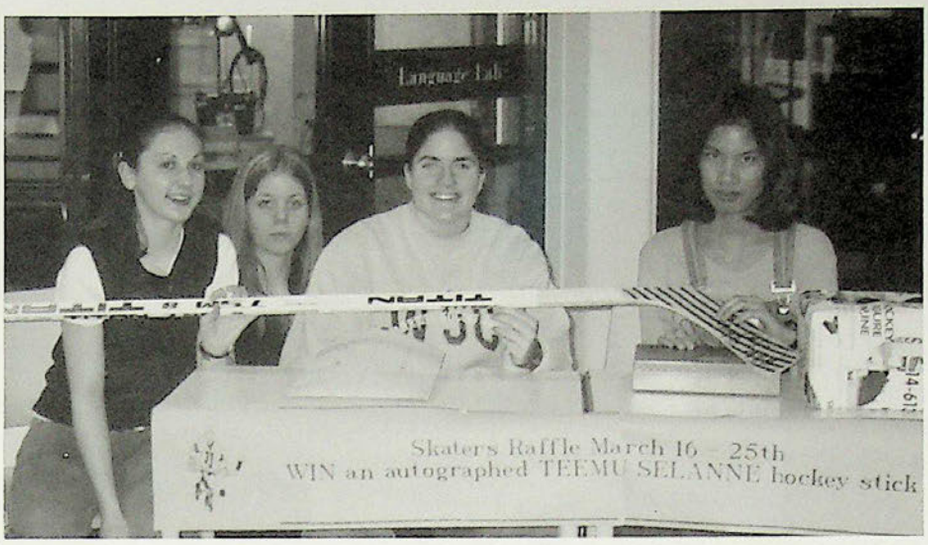
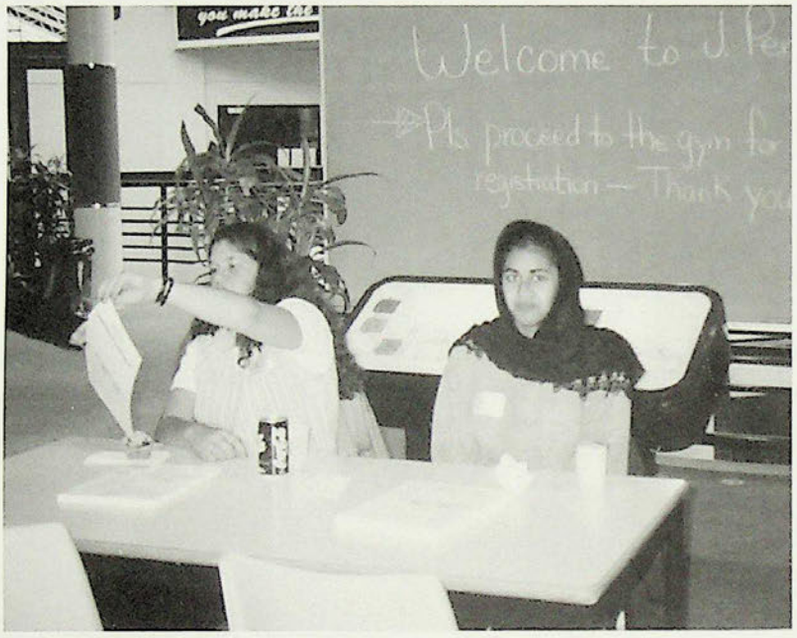
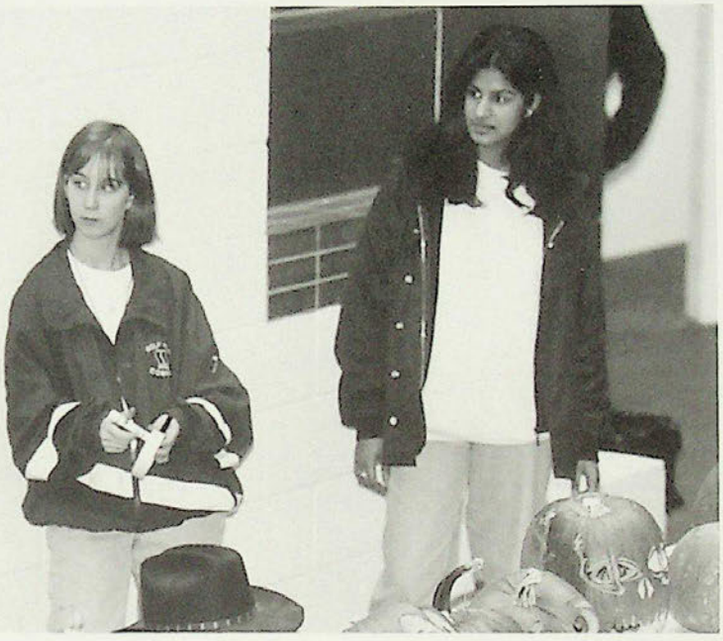
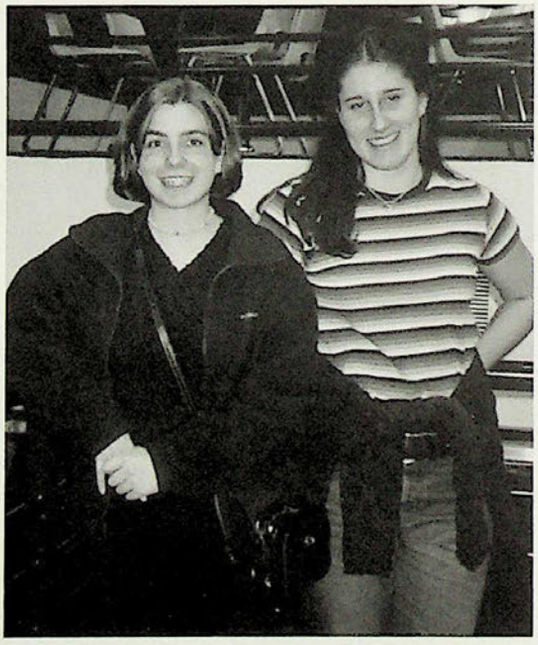
Students' Union











Students' Union

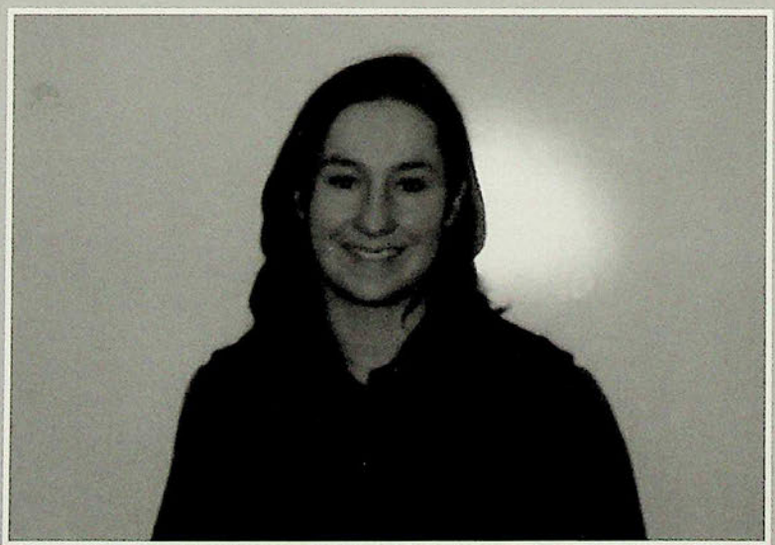
PRESIDENT:
Dana Kilpatrick

I would like to thank Mrs. Janis for this past year for Page has been filled with traditions of past SU, such as awesome activity weeks put on by social board, as well as Fun Fridays, put on by the house boards. Intramurals had a great success. Activities in the School , such as the T.O.P. put on by M.A.B, and the pep-rally put on by the athletics were also successful. Activities done outside the school included Adopt-a-Family done by Kellie, and Santa letters for surrounding elementary schools by the Secretary and Wapiti exec. Crimestoppers put an excellent message out with their brown bag campaign. Advertising these events is a lot of work for Communications and newspaper. The PR exec also did a great job of keeping the parents happy and well informed. I didn't forget Archives troubles getting a room. Everything that happened this year took a lot of money and patience from our treasurer, Wendy. Plus this is one great yearbook, great job girls! Last, a special mention to the first President of the year,Kerry Allen. You are a great person and leader. Thank-you to everyone who supported SU this year.

VICE - PRESIDENT:
Kellie McEwen

Students' Union has had another great year of fun filled activities. First of all a big thanks to all the staff for your support and of course the students for participating in the activities SU has put on this year. From activity weeks to the Adopt-A-Family Campaign , Page has had a record year for involvement and participation. Here is to an even better success next year.

TREASURER:
Wendy Pogue

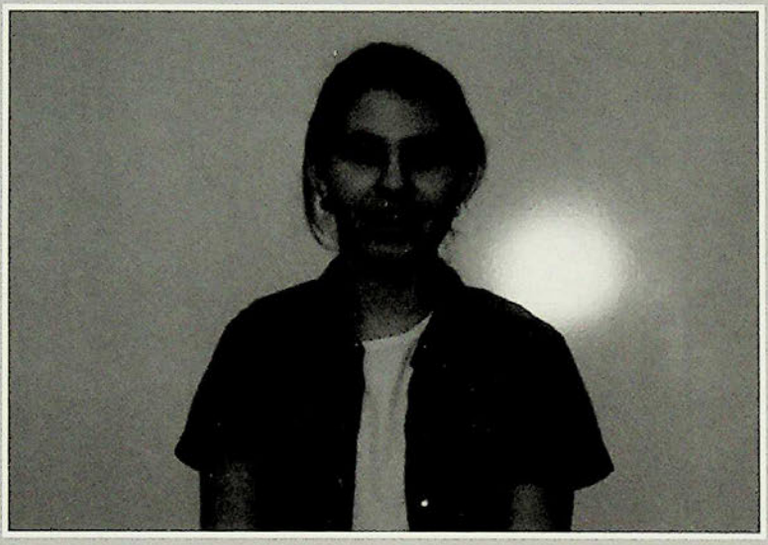


Students' Union has been a blast this year. We have had our problems this year, but have overcome them all. There has been great support from both students and staff which has been greatly appreciated. I have many great memories from this year, for example, Adopt-A-Family, the great activity weeks and Fun Fridays. Those are just a few of the great activities that Page SU has been able to help the school and community with. Thanks to everyone who has had to put up with me, also to all exec. for the great job this year. THANKS FOR THE MEMORIES!

SECRETARY:
Carla Harms

As secretary this last year, I had lots of fun meeting new people and attending conferences. I have many memories of school activities such as Santa Claus letters, which was a big success. Unfortunately, I will not be here next year, good luck to next year's executive board. I hope they have as much fun as we did. PAGE ROCKS!!!

PUBLIC RELATIONS:
Heather Schlaak



Public Relations has been involved in the recruitment of school volunteers. All volunteers have helped to promote the school spirit and a warm thank you to everyone who helped. Events included Taste of Page, Open House, Cheerleading competitions and many other activities. Page's volunteers make the difference. Thank you!

The Adventure Club had two activities this year. First, over 30 students from Page and Holy Trinity took part in two snowboarding excursions in Snow Valley. In June, nine people attended the club's first Annual Skydiving Course.

Erik, Brad and Chris, returned for successful second jumps early in the afternoon-Mr. Balbar was also there for his 9th jump. Rammy and Ryan won the "I Jumped in a Tornado and Survived" award as sudden winds came up after they jumped. Dave was in the same planeload, but ended up landing when the jumpmaster was told not to let any more students out. Jamie and Krista were suited up and ready to jump when all jumps were finally cancelled for the day. Krista jumped from 6500ft the next weekend, while Jamie and her father went on June 14th. Congratulations to all skydivers on a job well done!

Speech and Debate

For the Speech and Debate club this was a year of many firsts. It was our first year of being on the club, and for many of us, it was the first time we ever debated. We held a seminar with help of debaters from the U of A, and we also had our first debate competition. Some of us also attended the Model Legislature and got a taste of what it was like to be part of the government. Being in debate not only gave us an opportunity to learn new things, but it also gave us an opportunity to meet new people. We would especially like to thank our advisor, Mrs. Ratner, who put in a lot of time and effort towards the success of this club.

Grad Committees

Dear fellow graduates,

Throughout the year we, the 1998 Graduation Council, have worked towards the organization and success of our graduation ceremonies. It is important to us that every graduate can recall upon this meaningful occasion with fond memories and anticipation towards tomorrow. This motivated us to take on the role of forming this memorable event.

Each and every graduate achieved this goal with the help of our family, relatives, teachers, and "With A Little Help From Our Friends". On behalf of the graduating class we would like to extend our warmest appreciation to all those who aided us along the way.

Being involved with the seven member graduation council and our staff advisors, Mr. Bushewsky and Mrs. Greenhalgh, enabled us to capture the essence of our achievement and many accomplishments. We hope that the class of 1998 had as much pleasure participating in this event as we did in creating it.

Congratulations to everyone who made this celebration truly outstanding.

Best wishes to all the graduates of 1998 and be sure to continue "Lighting the Way".

Remember . . . "All the hassle
was worth the tassel?"

Sincerely,

Hinna Mirza, President
Leilani Collins, Vice President

Had it been an actual life you would have received further instructions on where to go & what to do. To conclude this conclusion, a Beatle's lyric seems appropriate? "I am the Walrus, goo goo a'joob" Forever a band geek (just filling boxes)

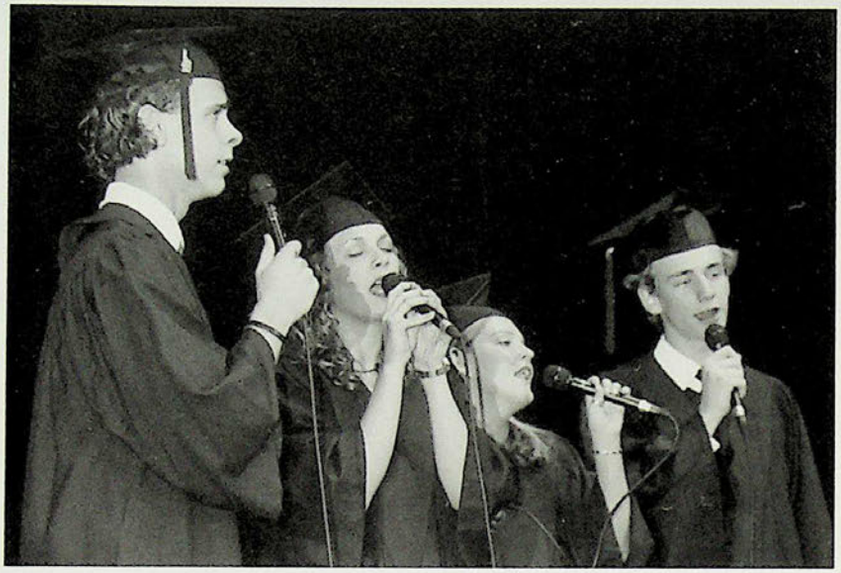
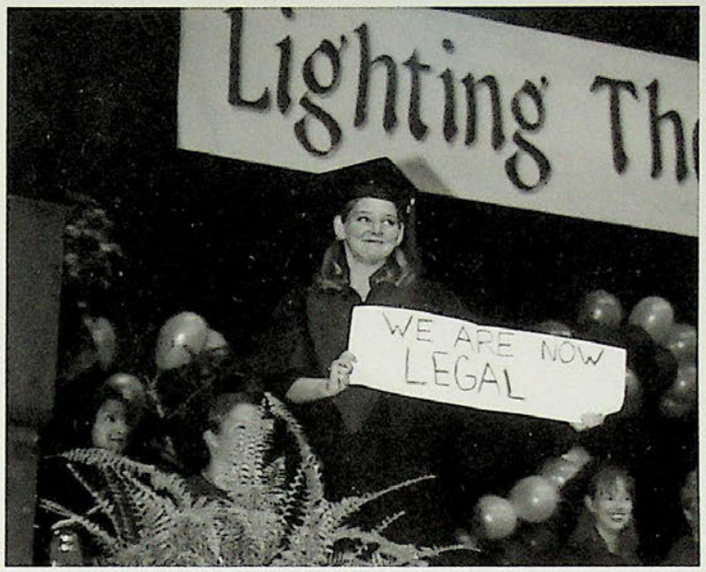
Lighting the Way
Commencement - Jubilee Auditorium - May 19, 1998





Valedictorian Address

Honored guests, parents, staff, and fellow graduates:

Tonight recognizes the dream we all probably had back in elementary school - the anticipation of wearing our square caps and gowns and calling ourselves the graduating class of 1998. As each one of us crosses the stage to receive our diplomas, that will be the moment we realize that all our hard work was indeed worthwhile. Since vowing **"We will survive"** at some point of our high school careers, we can now all say that, **"We have survived"**. With all the aspects of being a J. Percy Page student, we have all made a difference whether academically, artistically, athletically, or in combination, but each in our own unique way. The experience here has matured us and has helped prepare us for the obstacles that may lie ahead in life. Our success is proven by graduating tonight and as individuals, we all have the potential to achieve even more. As it is known, success is truly in the eyes of its beholder. The respected voice of Ralph W. Emerson once said that,

"Success is to laugh often and much;
to win the respect of intelligent people and the affection of children;
to earn the appreciation of honest critics and endure the betrayal of false friends;
to appreciate beauty and find the best in others;
to leave the world a bit better knowing that one life
has breathed easier because you have lived. This is to have succeeded."

We are all destined to be apart of the world's future, where we now prepare to make our own contribution. We realize that this is when life really begins, where we all have the ability to accomplish miracles - given the right opportunities. The countless hours of work put in by parents, teachers, coaches, and friends have helped us find the knowledge, the confidence, the discipline, and the determination to achieve that all but impossible dream we have. For all the people who helped prepare us for the battles in life and gave us the inspiration, our victories and achievements are worth equally: making you proud as they are self-satisfying. To this point, we should be proud of our accomplishments while also realizing that this journey we have been taking is far from ever being over. Our education will never be complete because through life, we should never stop learning. It is recognized tonight that everyone here is a success to have made it this far and we can celebrate the fond memories that have accumulated through these years. As we prepare to face the real world, our experience and knowledge will guide us on the path we ultimately choose to take ourselves. According to the philosophies of Marcel Prost,

"We do not receive wisdom,
we must discover it for ouselves
through a journey no one else can take for us and no one else can spare us,
for our wisdom is the point of view from which we come to regard the world."

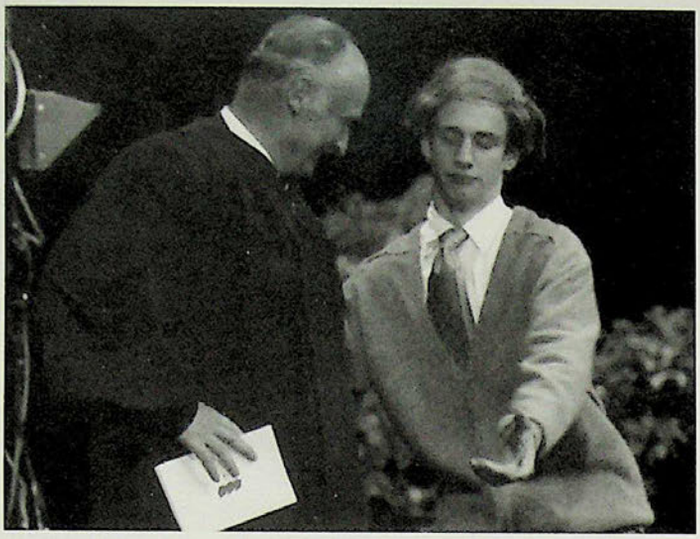
The past years of shared memories, laughter, and tears have helped us grow and will, perhaps, be a part our lives forever. I feel privileged to be a part of this graduating class. The day we all may have kept locked in the back of our minds is now a reality and I wish the years ahead will be as successful as the ones shared in high school. As the J. Percy Page graduating class of 1998, we have now come to the point of moving on to **"bigger and better things"** and into the real world. With every accomplished dream, every step taken towards achieveing later goals, setting the example for future generations, and - of course, **with a little help from our friends, I believe that we will all continue lighting the way . . .**

- Iva Siu

Top L-R: David Calvert, Erin Riewe, Kimm Sortland and Tim Bratton sing their heart felt song "With A Little Help From My Friends."

Top Right: Valedictorian of 1998, Iva Siu.
Bottom Right: "We Are Now Legal!" A powerful message sent by Kimm Sortland as she walks across the stage.

Historians Speech



SL: All right good evening everyone and welcome, we are your class historians, I am Shantelle Landry and this is Kimm Sortland and if you don't know who we are then . . .

KS: You're obviously not popular enough.

SL: Ya . . who are we kidding.

KS: Before we begin, we would like you to know that we had a very big hard time writing this thing and if it sucks its all your fault because you - voted for us! (walks off stage).

SL: Kimm we still have to do the speech. (comes back in)

KS: We'd like to start at the beginning . . . kindergarten, I could talk forever about kindergarten.

SL: You've spent four years in it.

KS: That was math, with Mr. Skitch . . . It was his bad jokes! Why don't we just skip that and go straight to grade 10.

SL: Fine by me, I suggest we start on the first day. For most of us that was a very vivid day. Kimm what did you do on your first day of grade ten?

KS: Pretended I was cool.

SL: Besides that?

KS: Got lost.

SL: Anything else?

KS: I looked at all the guys I knew, I looked at all the guys I didn't know, all the guys sorta knew, all the guys I WANTED to know-

SL: In other words, ALL the guys.

KS: Ya!

SL: After that?

KS: I was dismissed. I strolled out, feeling really good that I make it through my first day of school and I walked out those Wapiti doors and right into the cloud. I coughed, and I coughed and it was foggy everywhere. I couldn't see a thing. It took me 15 minutes to find my way out, I felt like I was walking around in circles, no exits, threatened by being burned and then I found the light, I opened my eyes, and took a great big breath of fresh clean air, and I found out I now had on a new brand of perfume . . . nicotine.

SL: But didn't you fell different? I mean, didn't you feel warm and unique and special? In a new school, in a new atmosphere, where you make the difference?

KS: No.

SL: Me neither. Anyway, to make sure no one is offended, we've decided not to take any cheap shots . . .

KS: Actually, we just decided to take one really big good one. (Jim Bratton walks out as Mr. Probert)

SL: Since this is not only our grad, but your grad, we wanted to know what you wanted to hear at the commencement, so we put out a suggestion box, and if by chance you didn't see it, its because, well, we're lying. (David Kohl comes out holding the box, Shantelle takes one out)

SL: Dave is god, Shantelle is a loser - funny Dave! (crumples it up)

KS: My turn, "we want to see more of . . . " (looks down at herself then gives it back, Dave is smiling)

SL: (Takes another one) Please mention the fire alarms from the beginning of the year.

KS: Right, fine with those. During class it's completely understandable, especially if you want to go out and get a smoke or something. A-hem-Bushewsky! But why? What possible reason could you have for pulling it at lunch? Lunch? Hello? Are you brain damaged or something or are you just brain dead! Anyway, I'm done. Go ahead.

SL: I think that you should mention that Mr. Lotz is the greatest teacher in the whole entire world.

SK: This person has some serious issues,

SL: Uh, Kimm, this kinda looks liky your handwriting (kissing noises).

KS: Forget the box, let's move on to something else. What's next.

SL: Lets see . . . I would like to know who's idea it was to get a bell for class.

KS: Ya, are we that immature that we need a bell to know when were supposed to be in class . . . okay, so some of us needs the bell! But usually just in classes where they would be avoiding study halls. A-hem-Bushewsky! Student would rather skip the entire class and I'm telling you, Shantelle here has gotten pretty good at writing notes.

SL: Kimm, our audience, our parents . . . our parents are out there.

KS: Let me just take this moment to add that I've never skipped a class in my life. (An attendance profile a mile long appears). Attendance profiles, they're a scam, completely computer error! Technology is our nemesis! I learned that word in English 30.

SL: Are you okay now?

KS: Uh-huh.

SL: So on with our complaints. Advisor. Over the past years, advisor has been getting considerable longer and longer. As if we don't already know about etiquette!

KS: Ya! It doesn't change, I mean, every year they do the exact same thing! (blows nose with sleeve) It's like they're trying to print it onto our foreheads or something that we need a facial tissue!

SL" Obviously they should have printed in on the back of our hands where we could see it.

KS: Uh . . . uh . . . and now for the update on sports.

SL: Kim, I don't have anything on sports teams.

KS: Neither do I.

SL: Uh . . . we won?

KS: Ya we won!

SL: That's what the pep rallies were for!

KS: Power to Page athletics! (Jim, David and Dan come out dressed as a gym class and Mr. Ross).

SL: Okay, well as you all know there was almost no graduation due to the teachers strike. This was a big issue for everyone especially Mr. Probert who would have actually had to go home and see his family. the rules of the strike were stated as follows: teachers will show up 30 minutes before school begins, stay 30 minutes at lunch, and 30 minutes after school. When reached for comments Mr. Durand said: (voice form back) "What do you mean I have to stay and extra hour and a half?"

KS: And it really wouldn't have been fair to have no grad. I mean we've all worked very hard to achieve this, and after all this time we've finally got gratification for what we've worked so hard for. This document says it all: (holds up sign that says: "We are now officially legal")

SL: And now that most of us have turned 18, all we're doing is supporting Mr. Pysyk.

KS: Enough about teachers, on about graduation. Shantelle and I have come up with ten things to remember about after-grad:

SL: Number one: The easiest way to tell if your friend is unconscious or dead - dead involves less drool.

KS: Number two: If the floor is a rockin' don't come a knockin' . . . there could be squirrels.

SL: Number three: Nobody left their bag a mile and a half into the woods and needs you to help him find it . . . no matter how good looking he is.

KS: Number four: Closed contained products you brought from home - good. Funny smelling gummy bears being passed around in the big blue bowl - bad.

SL: Number five: Etiquette is forgotten as soon as you use a leaf to wipe your -

KS: SEX! Made ya look.

SL: Number seven: Girls watch our for poison ivy.

KS: Number eight: Mr. Pysyk what are you doing here?

SL: Number nine: If someone disappears . . .

KS: Forget about it.

SL: Number ten: If it doesn't smell, look, and feel like your boyfriend . . .

KS: Chances are - it's not.

SL: And now boys, some special tips just for you, just in case you get confused on what the English language is:

KS: No.

SL: Means no.

KS: Possibly.

SL: Means no.

KS: I don't know.

SL: Means no.

KS: I really like you.

SL: Means no.

KS: Yes

SL: Means no.

KS: The eye.

SL: Means no.

KS: You wanna drink?

SL: Means no.

KS: Come over here.

SL: Means no.

KS: Why don't we go somewhere private?

SL: Means no.

KS: I got a limo tonight and -

SL: Still no.

KS: Kissing.

SL: Means no.

KS: Touching.

SL: Means no.

KS: Jumping out of a cake and yelling surprise!

SL: Means no.

KS: Arranged marriage.

SL: Means no.

KS: Written consent from the girl, his parents, your parents, your pastor, your city alderman, your CALM teacher and a blood screening! The presence of candle lights, soothing music, a romantic hotel room and the promise of breakfast in bed the next morning!!

SL: Means . . . maybe. Maybe means no.

KS: Wasn't like that in the good old days, but nowadays . . .

SL: Nowadays it's the teachers who need the dress code. Mr. Maradyn the spandex have got to go!

SL: Nowadays the English department recognizes "gettin' jiggy with it" as a verb.

KS: Nowadays, when kids are talking about their new record, they're not talking about buying them: (holds up a police record).

SL: From boys chase the girls in kindergarten, to . . . boys chase the girls in high school. That really hasn't changed much Kimm.

KS: Actually sometimes it's girls chase the boys, or even girls chase the girls.

SL: Let's not go there.

KS: Hey it's the nineties.

SL: Enough about the past, enough about nowadays, we have to think about the future.

Both: CENTRE HIGH!!

SL: All jokes aside, the last three years (or four or five for some of us) have been memorable, friends have come and gone, (some won't go away) and yet we've made it this far. A large part of our success is due to support from relatives, parents and teachers. They have given a helping hand in the graduation of 320 students and they have a right to be proud. Without them, it would have been a much harder struggle and for some of us, and impossible one. A never ending thanks is dedicated to them. This said, I will also not leave out the other important fact or our success. Us. Our graduating class. The class of '98. We have worked hard (well some of us have worked hard) to walk across the stage, and shake hands, and accept that blank piece of paper . . . from kindergarten to now, we have the rest to look forward to. We also have a right to be proud!

KS: Give yourselves a hand! Ya! Well it's been fun.

SL: Not really but I want it end on a high note.

KS: Laaaaaa!

SL: Kimmm . . .

KS: We're done. Thanks. Good luck.

SL: All right!!

Yearbook

One more year completed and on to bigger and better endeavors. As the future lies ahead, we resolve to live life to the fullest and never forget the many memories preserved in our minds and hearts. We hope our efforts will help the students of J. Percy Page high school recall the events that have taken place in their lives throughout this year, and cherish these mementos always. For their boundless help, we would like to especially thank our advisor Mrs. Stobbe whose help was greatly appreciated (and needed). We could not have accomplished this task without you! We also wish to thank Mr. Fehler for his endless supply of pictures, as well as all of the other staff members who have assisted us along the way. To the 1998/1999 editors, Cherissa and Crystal Montalbo, we bid you the best of luck next year, and hope you guys have lots of fun! Congratulations to the grads of '98, leave no aspirations unfulfilled. As co-editors, we hope that this book will be a preservation of our lives this year, and that you have enjoyed the 1997/98 yearbook.

"I am a part of all that I have met,
Yet all experience is an arch wherethro'
Gleams that untravell'd world whose margin fades
For ever and forever when I move.
How dull it is to pause, to make an end,
To rust unburnish'd, not to shine in use!
As tho' to breathe were life . . .

To strive, to seek, to find, and not to yield."

Alfred Lord Tennyson
